The Sisters of Notre Dame are consecrated women missioned in the church to proclaim God's goodness and provident care by living Gospel values, promoting Catholic education, and fostering the fullness of life, especially for people who are poor, sick, and aged.
Every six years each of our SND provinces in nineteen countries is visited by our General Government for a “time of mutual sharing as we work together to respond to our unique call as Sisters of Notre Dame to participate in the mission of Jesus.” Sister Mary Kristin Battles, Superior General, and Sister Mary Shauna Bankemper, Assistant General, visited Covington during the month of September.

During this time our province reflected on our Call to Discipleship, the Charism of Religious Life, Mary as Model of Discipleship, our Call to Incarnate the Love of our Good and Provident God, our Commitment to the Reign of God, and the Power of the Spirit of God in our lives. We welcomed this time of reflection and renewal and re-commitment to our religious vocation.

During this past year our first Ugandan Sister made perpetual vows, and three more Ugandan women made temporary vows, bringing the number of Ugandan Sisters to seven. Several more Ugandan women are in initial stages of formation, giving us hope for the future of Notre Dame in Uganda.

Our recent Fourth of July Festival was very successful, reminding us of our relationships with so many friends and supporters. This event helps us to support our mission in Uganda, our ND Urban Education Center, and our retired Sisters.

Thirteen Sisters celebrated 50, 60, 65, and 70 years of religious life. Listening to each Sister Jubilarian re-commit herself to God through her religious vows and to the service of the Church in her life of ministry was an inspiration to all those at the Jubilee Mass.

This year our Covington province will enter into several months of discernment for the next provincial leadership. The transition of leadership will take place in the summer of 2014. We count on your prayers for our discernment.

We continue to pray for God’s abundant blessings on you and those you love. We are grateful for our partnership with you in the mission of Jesus.

The Pulse is published bi-annually for donors, family and friends of the Sisters of Notre Dame of Covington, KY. Direct all comments to: The Mission Advancement Office, 1601 Dixie Hwy., Covington, KY 41011. 859-392-8228, jalthaver@sndky.org.
The mission of the Sisters of Notre Dame includes a strong commitment to education, especially in urban and mission areas, and to healthcare, childcare, and social service ministries. We share God’s compassionate love with people of all faiths and cultures, particularly those persons who are poor and marginalized. We desire to do this in a spirit of joyful simplicity, believing in God’s goodness and provident care.

Today I need to write to you about a serious matter, my request for your support in this year’s Annual Appeal. As you know from our ongoing communication, our work in Uganda over the past eighteen years has included both blessings and challenges. Our mission assists so many Ugandan families to build a better life through our elementary and high schools, nursery school programs, farm life, and formation center. But we don’t do it alone. Particularly at times of special need, we depend on generous people like you as our partners in mission to assist with special projects.

We have found that our two older vehicles in Uganda need to be replaced. Due to Uganda’s limited infrastructure, roads outside major cities are seldom paved. The rainy seasons leave many roads impassable with deep ruts. The only means of transportation are heavy duty trucks, motorcycles, vans, and SUVs. Over the years our vehicles are losing their functionality, and repair costs are becoming astronomical due to these harsh driving conditions. We are now in a situation of special need. We must purchase vehicles for our Mpala and Buseesa locations. These vehicles are necessary for transporting our local people, students and Sisters for medical care, trips to the city, and travel between both Uganda mission sites. Our vehicles are the lifeline for our Ugandan Sisters and the people we serve.

Over the past several months, the Sisters have contacted Ugandan brokers for prices, hoping to soon replace our aging vehicles. We will need to raise approximately $35,000 for a van for our Mpala mission and another $78,000 for a Land Cruiser for our Buseesa mission. These vehicles meet code for transporting children and are built to withstand rough terrain.

Although this project seems like a monumental task, we are encouraged to know we are not alone. I ask for your help by giving generously to this Annual Appeal. Together we see a bright future for our brothers and sisters who depend on this mission to educate their children and provide stability to the region. This Annual Appeal is a tangible way for us to join together to help continue our Uganda mission which brings hope to the people of Uganda. We hope to hear from you today. Please call (859) 392-8228, go online (www.sndky.org), or use the enclosed envelope for support of our Uganda mission. Together we can make a spiritual impact greater than we can make alone. Thank you in advance for your generous donation and our partnership in the mission of Jesus.

Gratefully in our good and provident God,

Sister Marla Monahan, SND
Provincial
"I have served on many non-profit committees and I have never witnessed anything as effective as the impact the Sisters have in breaking the cycle of poverty and empowering others."

Richard H Tapke, Jr.
The Bank of Kentucky
Senior Trust Officer

"My visit to Buseesa gave witness to how the Sisters embrace a mission of God’s goodness and provident care, and I fell in love with the children of Uganda."

Richard H Tapke, Jr.
The Bank of Kentucky
Senior Trust Officer

"I was blessed to witness firsthand how God’s work is being transformed by the Sisters in Uganda. I am in awe of their resourcefulness, simple and disciplined life style which is inspiring and gives hope to others."

President, Bayer Becker
St. Charles Opens Time Capsule

On October 30, 1960, a small group of Sisters of Notre Dame gathered for a blessing of St. Charles Care Center’s cornerstone. At that time, various items were placed inside a large copper box, then sealed and placed inside the building’s cornerstone. The cornerstone was then cemented into the brick wall to the right of the Center’s main entrance.

On July 25, 2013, some members of the St. Charles Community and a group of Sisters came together to open the time capsule. Sisters Mary Jean Ann Luken and Rose Emma Riehle, among the Sisters first assigned to the Care Center, were among those present. Of interest to everyone in the room, the following contents were removed from the box: blueprints for the building, newspapers from the day, pictures of the Sisters, holy cards, medals, and a list of names of religious and civic leaders.

Julie Learning Center

Julie Learning Center (JLC), a sponsored ministry of the Covington province, began the new school year with 42 spirited and active children, ages 4 and 5. In addition to providing a strong religious foundation, this year the Center is expanding its efforts in the academic areas of science and Spanish. Every activity within the curriculum is permeated with some aspect of “education.”

JLC class size is kept small to provide personalized instruction, but a few spots are still available. Our mission is to provide an educational environment which nourishes children and furthers the growth of their basic learning skills.

Notre Dame Academy Celebrates a Milestone

In August students at Notre Dame Academy returned to class as usual, but there’s something special about this school year. This year, 2013, marks the 50th anniversary of Notre Dame Academy on Hilton Drive.

On October 29, 1963, NDA students entered 1699 Hilton Drive in Park Hills, KY, to attend classes. While they missed the familiarity of their former building on 5th Street in Covington, students and faculty alike were thrilled with the bright surroundings of their new location. The student newspaper, The Gavel, reported that students indicated they thought the new chapel was the most beautiful and peaceful place in the whole building. The faculty and students praised and thanked God for making this new building possible and for God’s continued blessings on present and future activities.

To commemorate Notre Dame Academy’s 50th anniversary on Hilton Drive, a prayer service and luncheon will be held on October 29, 2013, at 11:30 a.m. for students, faculty, alumnae and friends of NDA. For more information contact Sr. Dolores Giblin at 859-261-4300.
Notre Dame Urban Education Center

The mission of Notre Dame Urban Education Center (NDUEC) is to offer transformative educational programs to individuals and families. NDUEC opened its doors in 2009 with the mission of providing educational support for at-risk elementary school students. Since then the program has expanded to include family support.

An inaugural family support program began in February of 2013 when Judy Speaks from Catholic Charities spoke to families about healthy eating. Future topics in this support program include: grocery shopping, food preparation, and healthy food choices. The program is receiving enthusiastic accolades from families and students who attend.

St. Claire Regional Medical Center (SCR) Proudly Celebrates 50 Years of Providing Amazing Medicine Close to Home

For generations the people of Northeastern Kentucky suffered inadequate hospital care because of geographic isolation and lack of financial resources. Recognizing the numerous medical needs of people of the area, in 1948 Dr. Claire Louise Caudill, with her nurse, Susie Halbleib, set up a physician practice and later started a crusade to build a hospital in Morehead, KY.

Financial resources and staffing for the hospital were major concerns of Dr. Caudill. She contacted Monsignor Charles A. Towell, Covington Diocesan Director of Catholic Hospitals and President of the Catholic Hospital Association of America, to help make this dream a reality. Monsignor Towell in turn contacted the Sisters of Notre Dame in Covington, Kentucky, to assist with the construction and the administration of the hospital.

St. Claire Regional Medical Center (SCR) opened on July 1, 1963. The hospital, sponsored by the Sisters of Notre Dame, was named after Dr. Claire Louise Caudill. SCR now boasts a 159 bed regional health system with over 1,200 staff and more than 100 physicians representing 31 medical specialties. It serves a population of over 160,000. SCR’s tradition of caring and compassion and its commitment to proclaiming God’s goodness through a healing ministry to the people of Eastern Kentucky has made SCR the largest and most respected rural hospital in Northeastern Kentucky.

Welcoming Home Sister Mary Janet Stamm

Undertaking a mission in the Hoima Diocese of Uganda, East Africa, was a faith-filled venture for the Sisters of Notre Dame in the Covington and California provinces. What started out as an appeal in 1992 by Bishop Deogratias Byabazaire to come and assist with education, has evolved into a mission that offers primary and secondary boarding schools, two nursery school programs, a co-operative working farm, and two faith formation centers. Sister Mary Janet Stamm, recently returned from Uganda after serving for eighteen years, shares some reflections of her ministry.

On Tuesday, July 11, 1995, Sister Delrita and I departed for an adventure that would ultimately shape and mold me into the person I am today. Earlier in the week our congregation had a missioning ceremony for us. We were "being sent" to proclaim God’s goodness and provident care in an area so poverty stricken, most children never made it past primary school. As I think back on those days, I remember packing 13 boxes with everything to set up our house, with one box containing my personal belongings. Although all the boxes arrived in Uganda, the tape didn’t hold on my personal box so most of the contents were lost. I learned early in this whole process about "letting go and letting God" direct me in what I needed to do to fulfill His work.

When we arrived in Uganda in ’95, construction of our mission was underway. We arrived at the end of the dry season, so water was a real concern. I remember having to walk deep down into the forest to bring water to our convent by using jerry cans. Even our food supply quickly began to run low. We wrote letters back home asking for help. Even through all the hardships, I felt God’s presence and knew this was where He wanted me to be.

On February 2, 1998, St. Julie Primary Boarding School opened with 20 girls and 20 boys for primary third grade. Through the grace of God and His marvelous works, we now instruct 250 students in primary grades first through seventh. In 2003 we opened Notre Dame Senior Secondary School where today we educate 150 young women in the Notre Dame tradition. Our compassionate care for all God’s children even reaches out to the youngest of the young at two Notre Dame Nursery schools. Today our nursery programs teach the fundamentals of the English language, math, and social interaction skills. We currently have about 200 students enrolled in both programs.

It amazes me to watch God patiently unfold His plan of this mission. What started out as a call to bring Catholic education to the poorest of the poor has developed into a mission which helps not only children but adults as well. In partnership with our Uganda brothers and sisters, our farm employs about thirty workers in various capacities. Our farm enables us to feed over 500 students, teachers, and laborers each day.

Many people will tell me they are amazed at what we have accomplished in Uganda, but it wasn’t just the Sisters. So many people have contributed to the development of this mission. Our communities in Covington and California support us financially, and when I think of the expansive list of donors who gave big and small amounts, it truly amazes me. Even school children here in the States had projects to support our Uganda mission. To me it’s beautiful and thrilling to see God’s work involve so many people that brings His message of love, goodness, and provident care to this tiny part of Uganda.

I am a changed person because of this experience. I now have a new appreciation of a culture different than my own and a love for the simple life. I now look at each individual with eyes of compassion, love, and respect. I try to see everyone as my brother and sister united together with our good and provident God.
First Born-Overwhelming Joy

May 4, 2013, was a red-letter day for the Sisters of Notre Dame, especially for the sisters in Uganda, East Africa. About 800 people came from various parts of Uganda, and in fact, from different parts of the world to witness the final profession of vows of Sr. Mary Immaculate Namugga. As the first Ugandan Sister to make her vows for life, she is truly the first-born of the Sisters of Notre Dame in Uganda. The exuberant singing, rhythmic dancing, and resounding drumming expressed the overwhelming joy, not only of our religious community, but also of the Ugandan people who joined us for this very special celebration.

Pictured with Sister Delrita Glaser are three of our Ugandan Sisters of Notre Dame temporary professed: (L to R) Sister Mary Harriet, Sister Mary Annet, and Sister Maria.

General Visitation to the Covington Province

Sister Mary Kristin Battles, our Superior General, and Sister Mary Shauna Bankemper, Assistant General, arrived in Covington from Rome on August 30, 2013, to begin the Canonical Visitation of the Covington Province. A general visitation occurs once every six years. During their time with us, Sisters Mary Kristin and Mary Shauna had group meetings with all the Sisters and visited some of our sponsored institutions. Although their stay was short, they left us with challenges and new ways of looking at mission and ministry as well as our call to be prophetic women for the 21st century. At the end of September, with grateful and loving hearts, we bade them farewell and God speed for their future journeys.

Generous Gift for the Sisters

The Sisters of Notre Dame of Covington, KY, wish to thank the Sisters of Charity of the Blessed Virgin Mary (BVM) for their generous donation of property in Frenchburg, KY. Since 1995, the Sisters of Charity, BVM, have used this “Life Center” to minister to people of Menifee County. This summer two of the Sisters of Charity, BVM, who resided at the “Life Center” returned to their Motherhouse in Dubuque, Iowa. The BVM Congregation believes the Sisters of Notre Dame embody their own model of “seeking out and attending to those in need,” as evidenced in our work at St. Claire Medical Center in Morehead, KY, and our medical clinic in Frenchburg, KY. The BVM’s generous gift was prompted by this similarity of mission. The house will now serve as a retreat/vacation home for the SND community.
Volunteers, Our Precious Resource

People who volunteer their time report that they receive more in joy and satisfaction than they ever thought possible. That's exactly what one SND volunteer experiences every time she visits in Lourdes Hall Care Center.

Meet Tina Bernheimer. Tina started volunteering in 2009 and since then has logged hundreds of hours by coordinating special activities in Lourdes Hall. She also serves on the 4th of July Festival committee, takes Sisters to visit friends and family members, helps at special events and jubilee celebrations, participates on the SND Associate planning team, serves on committees at the Diocesan Catholic Children’s Home Center for Families and Children in Ft. Mitchell, KY, and answers phones at Notre Dame Urban Education Center in Covington, KY. Tina recalls how she started coming to SND through an invitation from a girlfriend. “I baked hundreds of Valentine cookies one year for a special event that got cancelled and didn’t know what to do with all the cookies,” said Tina. Her girlfriend suggested she bring the cookies to St. Joseph Heights for a Valentine party. Tina and her girlfriend, along with her friend’s children, came dressed in red and white and distributed decorated Valentine cookies. Tina fondly recalls that day, describing how appreciative the Sisters were to receive such special treats.

When asked about her interactions with the Sisters, a big smile rolls across Tina’s face. She exclaims “There’s something special about them.” Her husband, Tom, often tells her when she is having an off day to “go spend some time with the girls.” Tina’s advice to someone considering volunteering, “Try it out, and see what volunteer opportunities fit your interests or skill set.” She adds that there are so many possibilities and wonderful experiences to be had in giving of yourself through volunteering.

To learn about volunteer opportunities contact Sr. Ruth Lubbers, SND, at 859-392-8118 or email her at smrlubbers@sndky.org.

2013 Festival...A Grand Success

A rain soaked day could not put a damper on the 91st annual 4th of July Festival. Despite the weather, record crowds filled the soggy grounds to partake in the day’s activities. With grateful hearts we extend our sincere appreciation to everyone who made this year’s festival a grand success. The festival grossed over $109,000.

Money raised at this event helps support our SND Uganda, East Africa Mission, locally our Notre Dame Urban Education Center, and the SND Retirement Fund. We look forward to seeing everyone back next year to celebrate this annual tradition.

On Sunday, June 9, 2013, thirteen Sisters of Notre Dame celebrated their jubilees. The afternoon began with a beautiful Mass at St. Agnes Church, Fort Wright, KY, and concluded with a lovely reception at St. Joseph Heights for family and friends. About 500 people attended the public jubilee.

**Proclaiming God’s Goodness and Provident Care**
Sister Mary Carmella (Doris Mary Schneider) peacefully entered into eternal rest on Saturday, September 15, 2012. She was a Sister of Notre Dame for 64 years. Sister Mary Carmella taught for over 50 years in elementary schools in Kentucky, Ohio, and Alabama. She recalled her most rewarding experience when she taught in a mission school in Alabama. After retiring from classroom teaching, Sister became a part-time tutor and taught Spanish in extra-curricular programs. Children enjoyed her Spanish lessons because she made learning so much fun.

Sister Mary Carmella also had a creative side. Her many interests included writing poetry, needle work, sewing, and crocheting. Many of the items she crafted made their way to those who are poor. Spending time with children, family, especially her sister, Marian, and fellow Sisters was very important to Sister Mary Carmella. She was a woman of purpose and dedication, and she fulfilled her desire to persevere in God’s service throughout her life.

Sister Mary Laurence (Ruth Budde) entered eternal life on July 30, 2013, at the age of 84. She celebrated her diamond jubilee (60 years) in 2009. Sister Mary Laurence’s ministry was teaching; as an educator she touched many lives. Professional people in the area as well as throughout the nation knew Sister Mary Laurence as an outstanding professor of biology at Thomas More College (TMC). Sister was the recipient of several National Science Foundation grants, as well as the A.D. Albright Award and the Sears-Roebuck “Teaching Excellence and Campus Leadership Award.” In 1981 she was appointed Dean of the College and Vice President for Academic Affairs at Thomas More College, serving in that position until 1985. While at TMC, Sister Mary Laurence established a biology station on the Ohio River for monitoring water content and for research. Sister Mary Laurence retired in 1997 and was named Professor Emerita in Biology that same year. In October 2011, the College named the outdoor classroom at the Biology Field Station in her honor.

Sister Mary Laurence will always be remembered as a wonderful, caring, efficient teacher and administrator. Equally memorable was her refreshing intolerance for mediocrity in the areas of performance and commitment, thereby engendering the development of excellence in her students.
Beloved Sisters

**Sister Ann Mary Adrienne** (Ann Mary Riehle) was born on August 2, 1926, in Milford, Ohio, the oldest of five children. She became a Sister of Notre Dame Aspirant as a freshman attending Notre Dame Academy and professed her vows in 1946. She received a degree in elementary education and spent 20 years as an elementary teacher in several schools before receiving a Master’s Degree in library science in 1965. Sister had a love of teaching, especially children who were poor and marginalized.

As a school librarian, Sister Ann Mary Adrienne ministered in elementary and high schools before becoming a head librarian at Thomas More College in Crestview, Kentucky. In her role as librarian, Sister also enjoyed working with the students at the Diocesan Catholic Children’s Home in Ft. Mitchell, KY.

In 2005 Sister retired to the Provincial House. Later in life she passed the time reading, enjoying visits with her sisters and friends, and creating artwork.

**Sister Mary Wilma Ann** (Mary Ann Wissmann) was quiet, unassuming, creative, and a friend to all. She died May 11, 2013. She radiated the qualities of a dedicated teacher through her kindness, compassion, and interest, which served her well as a primary teacher in several elementary schools in the Diocese of Covington, KY, and Cincinnati, Ohio.

Besides teaching, Sister was also trained in dietetics and spent several years at St. Claire Regional Medical Center and St. Charles Nursing Home. In addition she was an instructor in home economics and science at Notre Dame Academy for over 20 years. Sister had a particular interest in sewing. Her gifts were certainly recognized by other Sisters, friends, and family members.

It was Sister Mary Wilma Ann’s desire to further vocations to religious life. In an article published in the *Catholic Telegraph* at the time of her Silver Jubilee, she encouraged others to consider a religious vocation by stating, “Because of what I have found in the religious life, I dare to encourage other girls to follow... there can be no better way to spend your life.”

**Sister Mary Stefanie** (Mary Cleo Fritz) died on August 28, 2013. She was a woman who loved life and her God. Sister had three goals before her passing: to live to be 80, celebrate her Diamond Jubilee, and go to heaven. In summer of 2013 she accomplished her goals.

Sister Stefanie ministered for many years in health care. As a Licensed Practical Nurse and Director of Pastoral Care, she served many years at St. Claire Medical Center in Morehead, KY, and at the Provincial Center in Covington, KY. She later served for ten years as chaplain at St. Elizabeth Medical Center. Sister often would express how much pastoral ministry meant to her.

As her strength declined, Sister Stefanie continued to assist in pastoral care in Lourdes Hall Care Center and finally in apostolic prayer. May she rest in God’s loving embrace.
Operating Revenues and Expenses are presented for the 12 months ending June 30, 2013. Amounts are presented as percentages of total revenues or expenses.

Fund balances are presented as percentages of total funds. All mission funds are managed without any administrative costs, and volunteers are used extensively. Uganda funds are carried as a liability on the Sisters balance sheet since those funds are being accumulated to provide an operating endowment once the Covington Sisters return to Kentucky.
Winston Churchill once wrote, “We make a living by what we get, but we make a life by what we give.” As I write this article I can’t help but think of all our wonderful, supportive, and dedicated donors who have made direct impacts on the lives of the Sisters of Notre Dame and the people in our ministries. Your financial contributions, prayers, and support currently allow us to:

- educate over 400 students in our primary and secondary schools and another 200 children in our nursery school programs through our Uganda Mission
- offer after-school tutoring and other transformative educational programs to 60 at-risk students in our local mission, Notre Dame Urban Education Center
- support 80 retired Sisters in our Covington Province through the SND Retirement Fund
- provide resources to our other sponsored ministries (Notre Dame Academy, Julie Learning Center, St. Claire Regional Medical Center, and St. Charles Care Community) that help people through academic and religious education, social justice, pastoral care, health care, and other social services

Thank you for giving us the means to forge ahead and be the face of Jesus to thousands of people who are helped each year.

To learn more about planned giving or how you can support the sponsored ministries, please contact me, Julie Althaver, Director of Mission Advancement, 859-392-8228, email me at jalthaver@sndky.org, or complete the form below.
Donor Recognition

The Sisters of Notre Dame are grateful to our many friends who have made financial and in-kind donations to the congregation between September 1, 2012 and August 31, 2013, including those who wish to remain anonymous.

T
The Sisters of Notre Dame invite people seventeen years and older to pay it forward by joining us for a day of service to neighboring organizations. The day begins at the SND provincial house to meet fellow participants, and then travel to neighboring social service agencies where we will lend a helping hand in various ways. Everyone will return later in the day to share their personal reflections and then dine together in fellowship.

To take part in this enriching day of Paying It Forward Together, please contact Sister Ruth Lubbers at 859-392-8118 or email her at smrlubbers@gmail.com by March 5th, 2014.
